About me

I am software developer trainee at CAPACITI. I am a dedicated individual who is looking to gain skills and utilize those that I have acquired from being self-employed and through volunteer work. I am driven, a team player, motivated and have an eccentric personality. I am principled, responsible and have self-confidence. I believe my interpersonal skill is what drives me to being able to adapt with other individual's personalities as well. I am hungry for growth.

Achievements & Key Projects

Diploma pass in matric.

Work Experience

VOLUNTEER-Assisting primary school learners with their homework. Entertain and educate. Act as a role model as well as a tutor (2020-2022).

Currently a Software developer trainee at CAPACITI
